## IT PROJECTS

**Subscription Manager** (Cisco, VMware, Linux, SQL, TypeScript, HTML/CSS) –

Developed an interactive website as part of a 3-person team, hosted on a personally designed server and mini-network. The site uses a MySQL database managed through phpMyAdmin to provide full subscription management, with a polished user interface built in HTML/CSS.

**Parking Application** (Cisco, VMware, Linux, SQL, PHP, TypeScript, HTML/CSS, ) -

Ongoing group project (team of 5, collaboration in English). Designed a mobile application connected to a MySQL database, hosted and secured within a network configured by the team. The app enables geolocation and user data management.
